Twitter user [@dog\\_rates](#), also known as [WeRateDogs](#). WeRateDogs is a Twitter account that rates people's dogs with a humorous comment about the dog. These ratings almost always have a denominator of 10. The numerators, though? Almost always greater than 10. 11/10, 12/10, 13/10, etc. Why? Because "[they're good dogs Brent](#)." WeRateDogs has over 4 million followers and has received international media coverage. If you love dogs sure you will follow them in twitter.

## I. Dog breeds by Tweet count

Some dogs get tweets more than other and the golden retriever at the top of them  
By this bars any one work in the field of Pets shop can use this data.  
We group all dog breed and the sum of tweets about them to get counts for each breed .

## II. Relation between dog stage , favorite and retweets

Dogs stage has a great influence as most of dogs lover like pupper and doggo stages than others  
That's for retweets and favorites .

### III. The relation between dog rates and retweet

Dogs with high rate get the most of retweets which shows that this rating is reasonable we notice that about 75% of retweet is for 10 and higher rating. we use only group from 5 to 14 Many of dog's lover give more than 10 for dogs.

- IV. Favorite is larger than retweet with big value as many people use favorite than retweet. so for that sure there is a strong relation between retweet and replies. tweets with high retweet has high favorites too.
